Corporate Overview

Nerdy Taco is the St. Louis food truck where STL soul food meets glitch-free taco engineering. We fuel corporate teams, tech innovators, gamers, coders, and con-goers with urban tacos crafted like cheat codes for your taste buds.

Every bite is a side quest.

Every flavor is an upgrade.

Every drop is a patch update you actually want.

The Vibe

Soul food + street food + retro arcade + tech-conference energy — all wrapped in a tortilla and delivered like a **perfectly timed power-up**.

We roll up with bright colors, nerdy humor, and STL flavor that hits like a critical strike.
